

## Wantman Group, Inc.

Engineering ♦ Surveying ♦ Environmental ♦ Planning

---

### **Nancy Clements, PE**

Nancy is currently a Vice President with Wantman Group, Inc. (WGI) an engineering firm located in Florida specializing in transportation roadway design, surveying, subsurface utility engineering, and land development. She has worked in the transportation industry since 1990.

Prior to working with Wantman, Nancy spent 5 years with the Florida's Turnpike Enterprise as their chief engineer. While there she managed a 5 year - \$4 billion work program with a staff of over 150 individuals. In 2005 her office was honored with the annual Florida Institute of Consulting Engineer's Engineering Excellence FDOT Exemplary Office award.

Before moving to Florida, Nancy was a Project Manager on the Central Artery Tunnel Project where she managed a \$96 million design contract supporting various construction contracts valued at over \$800 million. She was the preliminary design engineer on a 500' concrete box immersed tube tunnel ultimately creating the extension of I-90 to South Boston.

Nancy earned a Bachelor of Arts degree in Economics from Framingham State College and a Bachelor of Science degree in Civil Engineering from Worcester Polytechnic Institute. She is a registered Professional Engineer in both the State of Florida and the Commonwealth of Massachusetts.
